## BACKGROUND

### POWER BI SPECIALIST

2009 - Current

#### EXELON CORPORATION

Over 10 years' experience leading high-level executives through the ins and outs of Power BI. With a focus on transitioning the whole corporation to Power BI software.

### POWER BI CONSULTANT

2018 - Current

#### NESTLE

My core responsibilities at Nestle include helping the team at Nestle transition to the full suite of Power BI. Preparation for entry level workers and high-level execs to be tutored simultaneously while still reaching company set targets. Helping team members excel at Power BI so that they may use the software confidently.

### POWER BI SPECIALIST

2017 - 2019

#### ADOBE

I fulfilled various roles while at Adobe, namely assisting in the development and successful implementation of Power BI for clients in the Industrial sector, as well as startups. Working with Adobe customers to not only implement Power BI with their Adobe subscription, but to thrive using the software. My starting years at Adobe included sourcing corporations that would benefit from the software.

### POWER BI SALES CONSULTANT

2003 - 2015

#### GRANT THORNTON

Leading the company team, my primary responsibilities were to recruit and employ competent and efficient individuals to join our team and our client's teams. During my years in this position, I successfully developed budget and progress reports, which were showcased monthly, quarterly and yearl using Power BI software.

### TUTOR

2007 - 2020

#### SKILLSHARE

In my spare time, I compile and tutor Power BI courses on Skillshare. I have over 654 5-star reviews. I teach the basics and the complex aspects of Power BI. My students are able to confidently use Power BI once completing my courses. I have 7 different courses, each catering to Power BI.

## ADDITIONAL BACKGROUND

### DATA ANALYST

2004 - 2009

#### VANTAGE ANALYTICS SOLUTIONS

As a Data Analyst, my role was to analyze and report data in an easy to digest manner, while networking with industry professionals. I successfully prepared thoughtful analyses of clients' businesses, including broker opinions of value (BOV), market comparatives and research while advising clients in the development and execution of their individualized business investment strategies. The role required me to consistently research the local market and to stay up to date with industry trends.

### DATA ANALYST

1999 - 2000

#### PwC

While working on a project for the implementation of data curving for PwC, I was responsible for overseeing a team of 8 people. During my time on the project, I was responsible for the outlining, summarizing & obtaining approval of the largest data cleaning project in the history of PwC. As assistant project manager, I also undertook the management of the budget and payroll for the Project ensuring the program stayed within the scope.

### ASSISTANT DATA MANAGER

1996 - 1999

#### BDO

I performed several functions while working as an assistant manager to the project directors for BDO.

My core responsibilities included: recruitment, selection, and hiring of qualified personnel for the projects, Logistical support for all events, effective budget management, procurement and management of projects' insurances, among others.

### SUPERVISOR

1995 - 1996

#### TELKOM INTERNATIONAL

During my time as a supervisor, I was responsible for all accounts across Mexico, California and Boston. I successfully managed all existing clients while identifying and signing new accounts. I also maintained relationships with key accounts assisting them with queries and preserving their commitment.
